

Welcome to our new year of Knights of Columbus

As we begin our next 12 months, I anticipate working with you, and for you. I am encouraging and supporting the many projects and programs that we have in progress already, and I am looking forward to the many new progressive projects that will be formed this year. When we work together, we can and will accomplish more, as well as spread our Knights mission to those who are unaware of our plight.

I would like to take this opportunity to thank our Worthy Past Grand Knight Peter J. Peterino. His hard work and dedication is a shining example of his leadership and dedication not only to our council but his devotion and love to our Founder Bishop Ignatius Catanello.

I am asking each member to dedicate himself to our mission and grow our council to leave a legacy that will sustain our council for generations.

I am open to new ideas for fund raising and projects to enhance our council in our purpose to contribute to Holy Family Academy and our community.

Please feel free to contact me in any questions or ideas that will benefit our mission.

We are here to make a difference, and with each of you, we can and will "MAKE A DIFFERENCE".

Many thanks for all that you do, and all that we will do this year ahead.

Have a safe and Blessed 4th of July.

Your Humble Grand Knight
Tony Civitano
